- Rules**
- for tournament purposes, no strokes are given between players to compensate for handicap differential; the competition is "even up"
 - immediately before tournament play begins, names will be randomly drawn for bracket positions A through H
 - winter rules are in effect
 - White Bear rules are in effect (i.e. stroke, no distance for lost ball) except for out of bounds marked by white stakes
 - double bogey max for both match & stroke play competitions (i.e. no player can win a hole with a double bogey or card a higher score)
 - concessions are permitted, but do not be overly-generous with conceding putts to your opponent because it impacts the stroke play competition; absolute max of 5 feet
 - halved matches will be decided by sudden death hole(s), where possible; where additional holes are not possible, tiebreaker will be improvised as the circumstances permit (i.e. chipping or putting competition, etc.) - there will be no countbacks
 - stroke play ties will result in players sharing the hardware - again, no countbacks
 - closest to the pin is available for tee shot on any hole of tournament play, par 3 or otherwise; measure and record the distance on your scorecard, and be sure to identify the hole of play
 - longest drive is available on hole 4 (fairway only) during any round of tournament play
 - one scorecard per match (see sample card for simple scorekeeping method)
